

My dear si Gordon -

Your letter came yesterday -
was so glad to hear from you

but very sorry you were still
in the hospital - Don't you

think you need a little more
sick leave? - A telegram came

about 11.30 last night saying

"Fabrications in order and a leaf
on the Ivy vine" - no signature -

They are not supposed to know

until next Friday - but I

gather many things have

been cut and dried
time - I hope police will not
be disappointed - He was
calling it charter first and
putting it as second choice -
Father came home from Columbus
hot and tired - It had rained
and between showers every
thing was steaming hot -

Peggy is writing to you to-
day - she may have some news -
I really don't know any-thing
I'll write you to-morrow best
son - your devoted
Mother
