the wonderful one.

The first volume was her to greet me when I got in this afternoon. I was amazed, pleased, overwhelmed, and ashamed of my few pages. I will try to do better this time, but I probably will not say any more. How are you, Cary?

The trip down here was uneventful and dirty, enlightened by a few interesting and beneficial citizens. I ran into an army chaplain who had just come back from a trip which included, Iceland, Scotland, Cape of Good Hope, Madagascar, Red Sea (Arabia) and back home. They had carried American and British soldiers, and once a load of 900 Italian prisoners.

He preferred the latter to the Butchers.
all of our soldiers seem to feel the
same way. This doesn't seem to
prove that my late theory is working
out, instead it seems to have
backfired, a natural consequence.

The most beneficial citizen I
met was a ^(live) ~~steak~~ raiser, I was
in the St. Louis Station having a
last drink over the bar when he
spoke and ask me to have another.
I refused, but we made a date for
supper on the train. He bought me
the best steak they had in the
car, as well as another drink.

We talked and he got drunker, and finally went to bed. I talked later to a sergeant from Wisconsin who said good night sir and gave me a jar of cheese made in his home town. It is good cheese.

I drove down from the city getting in here a little after noon. Since then I have been swimming, visited a friend in the hospital, read and re-read your letter and eaten supper. It is better than home here, so I should lose many pounds and get in shape finally.

During the whole vacation

went too quickly, but in particular
Thursday through Sunday last. Oh
happy days, we must have many
more soon. I can't possibly get
home before Xmas, but I will be
thinking of you most of the time.

This cake business always
works out. It is the finest method
I know of reading one's more
intimate future. All of this is my
belief if I guess the name, rank,
and organization of the person in
your dream correctly. It never
fails.

Tonight I am going over to
see some of my old friends. Love

John and his wife. He was in charter
with me and is a good man. They
were married before he graduated.
You will hear him repeated & often
I may go to Dallas, Texas with
them this week-end, if my
money holds out. I have never
been in Texas. I love you Cary.

Please let me know when
you go back to school. I have
some things in mind for this
fall term. I miss you more and
more. ^{again} Please try to find some way
to get out here, sometime or anytime.
Write more big letters. I like the

way you Bubble, it is so easy to
see the old grin, enormous brown
eyes and all. I am out for a new
walk now.

All my love

Gordon

just back from above walls. I should
have mailed this letter and saved

paper, but the night is so perfect
and so are you, you should be too.

I don't think I will get to go to
Texas this week-end. The party
starts too soon and will undoubtedly

be heavy. I missed you very much
just now, Sam and Bob Lake were
playing bridge, neither of the girls could
touch you.

G.
